Lose more fat than a marathoner by bingeing? Indeed, and much more. The 4-Hour Body is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. You need immediate results that compel you to continue. That's exactly what The 4-Hour Body delivers.

'My wife, Lizzie, and our six kids have been living off the recipes and tips you're about to read for the better part of the last decade. This is an intensely practical book designed to solve an intensely practical problem: how to create high-quality food free of the twin evils of sugar and seed oils.' For nearly ten years, David Gillespie has warned us of the dangers of sugar, and Australia has listened. More recently he has alerted us to the other toxin in our food supply: seed oil. Most processed food - from French fries to yoghurt to spreadable butter - contains one or both of these ingredients, so the question is: how do we eat real food? Expanding on his 2015 bestseller Eat Real Food, David shows us how to: - Identify and avoid sugar- and seed-oil -laden supermarket products - Identify and shop for the healthy options - Make the foods we normally buy in jars and packets - from mayonnaise to bread to tomato sauce - Make simple, inexpensive daily meals the entire family will love - Pack and plan for meals away from home - Create healthier treats for all occasions, from kids' birthdays to cocktail parties The Eat Real Food Cookbook is your guide to saying 'no' to the food that manufacturers want you to eat and 'yes' to the sort of food that will help you manage your weight and the long-term health of your family.

Contreras spent the last eighteen years researching and field-testing the best methods for building better butts and shapelier bodies. In *Strong Curves*, he offers the programs that have proven effective time and time again with his clients, allowing you to develop lean muscle, rounded glutes, and greater confidence. Each page is packed with information decoding the female anatomy, providing a better understanding as to why most fitness programs fail to help women reach their goals. With a comprehensive nutritional guide and over 200 strength exercises, this book gets women off the treadmill and furnishes their drive to achieve strength, power, and sexy curves from head to toe.
