This book examines medium of instruction in education and studies its social, economic, and political significance in the lives of people living in South Asia. It provides insight into the meaning of medium and what makes it so important to identity, aspiration, and inequality. It questions the ideologized associations between education and social and spatial mobility and discusses the gender- and class-based marginalization that comes with vernacular-medium education. The volume also considers how policy measures, such as the Right to Education (RTE) Act in India, have failed to address the inequalities brought by medium in schools, and investigates questions on language access, inclusion, and rights. Drawing on extensive fieldwork and in-depth interviews, the book will be indispensable for students and scholars of anthropology, education studies, sociolinguistics, sociology, and South Asian studies. It will also appeal to those interested in language and education in South Asia, especially the role of language in the reproduction of inequality.

UPSC Prelims and Mains Exam 2020: Subject Wise Current Affairs UPSC Prelims and Mains Exam 2020 : Subject Wise Current Affairs Important / Trending topics for IAS Exam. Subject Wise Current Affairs is an effort to make current affairs available in a more organized manner in accordance with the UPSC Exam Syllabus. Current affairs are of course the most important aspect in Civil services Exam preparation. We should always analyse Current affairs from the UPSC preliminary exam and the UPSC mains exam perspective. No matter which subject UPSC asks questions from (economics, environment, History or from polity), it makes conscious efforts to link the subject to a current affair topic. It thus becomes an imperative for us to know what the term current affairs really mean from UPSC point of view. You can get a proper understanding through the analysis of the previous year question papers. If we examine the question papers from 2013 onwards till 2019 preliminary exam, almost close to 50-60% of the questions were asked from topics that are of current relevance. The number of questions based on Current Affairs varies from year to year. The logic behind such a shift in the pattern of question papers explains the intent of UPSC and its quest to have brightest minds to govern the country. However, for the quest to be fruitful it would be appropriate from the part of UPSC to examine the candidate's awareness about the society in which he is living. Static knowledge would prove inefficient for such an analysis. Society is dynamic and is subjected to changes. A Civil Servant should have the skills of a barrister and also that of a diplomat in order to cope with the changing society and also show the cognitive skills to

coordinate, mobilize arguments and achieve consensus in regard to the execution of his duty. This analytical nature of the duty demands the UPSC aspirants to have an analytical mind and awareness of the society.
