After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

Una raccolta di venti racconti che prendono spunto dalla vita di Stinchi, un uomo che ha speso la sua esistenza dietro ai fornelli. Tuttavia, più che il cuoco, il vero protagonista è il cibo. In un mondo sempre più globalizzato e omologato, la buona tavola e la tradizione culinaria sembrano aver preso il posto dei linguaggi e dei dialetti per caratterizzare un dato territorio e le sue genti. A far da sfondo a queste storie è, infatti, la Montagna pistoiese, con i suoi crinali, usanze e personaggi ritratti secondo la goliardia, l'ironia e lo spirito di resistenza che spesso li contraddistingue. Ogni singolo aneddoto è accompagnato da una ricetta tipica della zona a firma del cuoco Stinchi, storico fiduciario Slow Food.

Nothing prepares Jaya, a New York journalist, for the heartbreak of her third miscarriage and the slow unraveling of her marriage in its wake. Desperate to assuage her deep anguish, she decides to go to India to uncover answers to her family's past.

The author of the international bestseller Silk now delivers a ravishing and wildly inventive novel about friendship, genius and its discontents, and the redemptive power of narrative. Somewhere in America lives a brilliant boy named Gould, an intellectual guided missile aimed at the Nobel Prize. His only companions are an imaginary giant and an imaginary mute. Improbably—and yet with impeccable logic—he falls into the care of Shatzy Shell, a young woman whose life up till that point has been equally devoid of human connection. Theirs is a relationship of stories and of stories within stories: of Gould's evolving saga of an underdog boxer and the violent Western that Shatzy has been dictating into a tape recorder since the age of six. Out of these stories, Alessandro Baricco creates a masterpiece of metaphysical pulp fiction that recalls both Scheherazade and Italo Calvino. By turns exhilarating and deeply moving, City is irresistible.

Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

#1-bestselling crime writer. Some would call Detective Benny Griessel a legend. Others would call him a drunk. Either way, he has trodden on too many toes over the years ever to reach the top of the promotion ladder, and now he concentrates on staying sober and mentoring the new generation of crime fighters — mixed race, Xhosa and Zulu. But when an American backpacker disappears in Cape Town, panicked politicians know who to call: Benny has just thirteen hours to save the girl, save his career, and crack open a conspiracy, which threatens the whole country. A potent, suspenseful thriller, and a brilliant portrait of life in the country that will host the 2010 World Cup.

Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

Often likened to Kafka's The Castle, The Tartar Steppe is both a scathing critique of military life and a meditation on the human thirst for glory. It tells of young Giovanni Drogo, who is posted to a distant fort overlooking the vast Tartar steppe. Although not intending to stay, Giovanni suddenly finds that years have passed, as, almost without his noticing, he has come to share the others' wait for a foreign invasion that never happens. Over time the fort is downgraded and Giovanni's ambitions fade--until the day the enemy begins massing on the desolate steppe...

Italian historical events arranged in chronological order by day and month, from January 1815 to December 1996.

One of Italy's best-known writers takes a Grand Tour through her cities, history, and literature in search of the true character of this contradictory nation. There is Michelangelo, but also the mafia. Pavarotti, but also Berlusconi. The debonair Milanese, but also the infamous captain of the Costa Concordia cruise ship. This is Italy, admired and reviled, a country that has guarded her secrets and confounded outsiders. Now, when this "Italian paradox" is more evident than

ever, cultural authority Corrado Augias poses the puzzling questions: how did it get this way? How can this peninsula be simultaneously the home of geniuses and criminals, the cradle of beauty and the butt of jokes? An instant #1 bestseller in Italy, Augias's latest sets out to rediscover the story-different from the history-of this country. Beginning with how Italy is seen from the outside and from the inside, he weaves a geo-historical narrative, passing through principal cities and rereading the classics and the biographies of the people that have, for better or worse, made Italians who they are. From the gloomy atmosphere of Cagliostro's Palermo to the elegant court of Maria Luigia in Parma, from the ghetto of Venice to the heroic Neapolitan uprising against the Nazis, Augias sheds light on the Italian character, explaining it to outsiders and to Italians themselves. The result is a "novel of a nation," whose protagonists are both the figures we know from history and literature and characters long hidden between the cracks of historical narrative and memory.

The idea of human cruelty to animals so consumes novelist Elizabeth Costello in her later years that she can no longer look another person in the eye: humans, especially meat-eating ones, seem to her to be conspirators in a crime of stupefying magnitude taking place on farms and in slaughterhouses, factories, and laboratories across the world. Costello's son, a physics professor, admires her literary achievements, but dreads his mother's lecturing on animal rights at the college where he teaches. His colleagues resist her argument that human reason is overrated and that the inability to reason does not diminish the value of life; his wife denounces his mother's vegetarianism as a form of moral superiority. At the dinner that follows her first lecture, the guests confront Costello with a range of sympathetic and skeptical reactions to issues of animal rights, touching on broad philosophical, anthropological, and religious perspectives. Painfully for her son, Elizabeth Costello seems offensive and flaky, but--dare he admit it?--strangely on target. Here the internationally renowned writer J. M. Coetzee uses fiction to present a powerfully moving discussion of animal rights in all their complexity. He draws us into Elizabeth Costello's own sense of mortality, her compassion for animals, and her alienation from humans, even from her own family. In his fable, presented as a Tanner Lecture sponsored by the University Center for Human Values at Princeton University, Coetzee immerses us in a drama reflecting the real-life situation at hand: a writer delivering a lecture on an emotionally charged issue at a prestigious university. Literature, philosophy, performance, and deep human conviction--Coetzee brings all these elements into play. As in the story of Elizabeth Costello, the Tanner Lecture is followed by responses treating the reader to a variety of perspectives, delivered by leading thinkers in different fields. Coetzee's text is accompanied by an introduction by political philosopher Amy Gutmann and responsive essays by religion scholar Wendy Doniger, primatologist Barbara Smuts, literary theorist Marjorie Garber, and moral philosopher Peter Singer, author of *Animal Liberation*. Together the lecture-fable and the essays explore the palpable social consequences of

uncompromising moral conflict and confrontation.
