Essential Enneagram The Definitive Personality Test And Self Discovery Guide Revised Updated

The definitive guide to using this ancient psychological system to gain self-knowledge and achieve personal growth—now expanded and revised. The Enneagram is an extraordinary framework for understanding more about ourselves. No matter from which point of view we approach it, we discover fresh conjunctions of new and old ideas. So writes Don Riso in this expanded edition of his classic interpretation of the Enneagram, the ancient psychological system used to understand the human personality. In addition to updating the descriptions of the nine personality types, *Personality Types, Revised* greatly expands the accompanying guidelines and, for the first time, uncovers the Core Dynamics, or Levels of Development, within each type. This skeletal system provides far more information about the inner tension and movements of the nine personalities than has previously been published. This increased specificity will allow therapists, social workers, personnel managers, students of the Enneagram, and general readers alike to use it with much greater precision as they unlock the secrets of self-understanding, and thus self-transformation. “No Enneagram teachers I’ve come across offer such a rich and dynamic picture of how each personality type expresses itself in the world, and the process by which we can move through progressive stages of psychological and spiritual growth.”—Tony Schwartz, author of *What Really Matters: Searching for Wisdom in America*

holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system that has a sneaky way of revealing who we are and why we do the things we do. Using nine types, it gets to the root of our fears and motivations, unveiling our inner-most selves. Millenneagram reinigorates the Enneagram by putting a modern spin on the classic nine types. Hannah Paasch, creator of the popular #millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities. “Only from this position of wholeness, rootedness in who we are, what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of justice and humanity – to approach our f*cked-up world with the grounded courage it asks of us.” With her trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine “I’m an Enneagram 1 and I Can Fix This!” #2 The Parent “I’m an Enneagram 2 and Can I Get You a Refill?” #3 The Winner “I’m an Enneagram 3 and All I Do Is Win.” #4 The Tortured Artist “I’m an Enneagram 4 and I’m Deeper Than You.” #5 The Detective “I’m an Enneagram 5 and I Read an Article About That.” #6 The Oracle “I’m an Enneagram 6 and I’m Loyal as Fuck.” #7 The Party “I’m an Enneagram 7 so This Might Be Vodka In My Mug.” #8 The Dragon “I’m an Enneagram 8 so Nice Try, Bitch.” #9 The Wallflower “I’m an Enneagram 9 so Let’s Just All Chill Out, Dude.” A powerful tool for self-discovery (that doesn’t take itself too seriously), Millenneagram is an invitation for introspection and growth. Hannah’s revamped Enneagram goes beyond simply identifying with a type: it gives us permission to be our truest, enough-as-is, bad-ass selves.

Explains how the enneagram model works, the characteristics of the nine personality types, how to recognize personality types in others, and how to apply the model to personal growth. How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.

Understanding ourselves as well as others -- with acceptance, discernment, curiosity, and wonderment -- in the way the Enneagram precipitates, provides the greatest foundation from which to build healthier, more receptive and more fulfilling relationships.
