When eight-year-old Irene is removed from her First Nations family to live in a residential school she is confused, frightened, and terribly homesick. She tries to remember who she is and where she came from, despite the efforts of the nuns who are in charge at the school and who tell her that she is not to use her own name but instead use the number they have assigned to her. When she goes home for summer holidays, Irene's parents decide never to send her and her brothers away again. But where will they hide? And what will happen when her parents disobey the law? Based on the life of co-author Jenny Kay Dupuis' grandmother, *I Am Not a Number* is a hugely necessary book that brings a terrible part of Canada's history to light in a way that children can learn from and relate to.

In this introduction to the Anishinaabe tradition of totem animals, young children explain why they identify with different creatures such as a deer, beaver or moose.

Delightful illustrations show the children wearing masks representing their chosen animal, while the few lines of text on each page work as a series of simple poems throughout the book. In a brief author's note, Danielle Daniel explains the importance of totem animals in Anishinaabe culture and how they can also act as animal guides for young children seeking to understand themselves and others.

Joan of Arc was born in a small French village during the worst period of the Hundred Years' War. For generations, France had been besieged by the British. At age 11, Joan began to see religious visions telling her to join forces with the King of France. By the time she was a teenager, she was leading troops into battle in the name of her country. Though she was captured and executed for her beliefs, Joan of Arc became a Catholic saint and has since captured the world's imagination.
