Handwriting has its place even in the midst of technology. A case study published in the US National Library of Medicine National Institute of Health states that letter tracing and handwriting has significant benefits over typing on electronic devices. The study tested the effect on brain engagement with traditional handwriting and typing on a tablet. The conclusion was that tracing and handwriting activates and engages both the left side of the brain which is responsible for language and logic and the motor cortex. Stimulation of these parts of the brain can provide benefits for the development of your child's brain and scholastic performance in the future.

Writing by hand is vital in training the brain to practice and thus improve, more skills and senses all at once: hand-eye coordination, patience, self-control, and a sense of involvement and ownership. All this, while learning more about the English language. In this book, you will find various handwriting exercises designed for children from 5 to 7 years old. Through writing drills using the alphabet, sight words, and sight word sentences and phrases, your child or student will gain thorough practice in learning (and improving) his or her handwriting. What's inside? Part 1 starts off with the alphabet where writing letters in both capital and lowercase forms are practiced through tracing and connecting the dots. Each letter is presented with directional arrows to guide the hand movements of the child as he or she learns to write. We've also added the numbers 1-10 to the first chapter and pictures to color. Part 2 consists of sight words to be traced and copied. Part 3 moves on to practicing sight word sentences and phrases. This book contains over 120 pages of exercises! It's a great handwriting workbook choice for all parents and teachers who hope to begin teaching writing to beginners and engage their kids in stimulating handwriting practice. Do your kid a favour and Go to the top-right of the page and click "Add to Cart"

The Best Handwriting series for Key Stage 1 consists of a teachers' photocopiable resource book, together with three pupil workbooks. The photocopiable title provides a whole school policy for handwriting as well as introductory activities for the three year-groups in Key Stage 1 and sits alongside the workbooks. The workbooks provide further practice and consolidation of the activities introduced in the teachers' book. Children are given clear examples for each letter of the alphabet in both upper and lower case, and are also shown the correct formation of numbers.

Handwriting Printing Practice from A to Z! Great for Preschoolers, Kindergartner's and First Grade Students! This book features practice pages for the entire alphabet. The first section focuses on upper case letters and the second section has pages to practice lowercase letters. Basic number pages are also featured near the end of the book. In addition, we included fun tracing and coloring activities near the end of the book. Additional tracing can also help with handwriting and these activities are quite different than practicing letters. This extra section serves as a fun reward for working hard on letter formations in the beginning of the book. We also recommend buying a BLANK sketchbook for kids and other drawing books because additional practice drawing, freewriting and coloring can also help kids develop their handwriting skills and artistic abilities. Please click on the "Look Inside" feature to make sure this book is right for your child. :) ***We also make this book with several different cover styles. Check out our other books to find a cover that meets your personal style preferences. Some books have a blue color scheme or pink theme, and some of them are gender neutral. Have a great day!
