"A pure delight." -- #1 New York Times bestselling author Nicola Yoon For fans of *Eleanor & Park* and *Emergency Contact* comes a sweeping romance about the love that got away. Eugene and Tatiana could have fallen in love, if things had gone differently. If they had tried to really know each other, if it had just been them, and not the others. But that was years ago and time has found them far apart, leading separate lives. Until they meet again in Paris. What really happened back then? And now? Could they ever be together again after everything?

This book is a collection of color photos of ordinary, familiar items around the home. There are images of tables, books, windows, couches, and pillows. Such things are part of life every day. Photos taken outside include flowers, trees, bottles, mailboxes, and tricycles. I attempted to capture images of that which is common, but quite attractive, paying close attention to photographic composition. After all, not everyone lives in Paris.

A comprehensive bibliography of the French capital. Includes sections on geography, guidebooks, history, economy, literature and intellectual life, politics, the arts, architecture and urban planning, and mass media. A study of the conditions of the production and distribution of literature from the fall of the Roman Empire to the close of the seventeenth century.

An instant New York Times, Washington Post, and USA TODAY bestseller—based on the true story of the heroic librarians at the American Library in Paris during World War II—*The Paris Library* is a moving and unforgettable “ode to the importance of libraries, books, and the human connections we find within both” (Kristin Harmel, New York Times bestselling author). Paris, 1939: Young and ambitious Odile Souchet seems to have the perfect life with her handsome police officer beau and a dream job at the American Library in Paris. When the Nazis march into the city, Odile stands to lose everything she holds dear, including her beloved library. Together with her fellow librarians, Odile joins the Resistance with the best weapons she has: books. But when the war finally ends, instead of freedom, Odile tastes the bitter sting of unspeakable betrayal. Montana, 1983: Lily is a lonely teenager looking for adventure in small-town Montana. Her interest is piqued by her solitary, elderly neighbor. As Lily uncovers more about her neighbor’s mysterious past, she finds that they share a love of language, the same longings, and the same intense jealousy, never suspecting that a dark secret from the past connects them. “A love letter to Paris, the power

of books, and the beauty of intergenerational friendship” (Booklist), The Paris Library shows that extraordinary heroism can sometimes be found in the quietest places.

In his popular book *The Germans* (1982), Stanford historian Gordon Craig remarked: "When German intellectuals at the end of the eighteenth century talked of living in a Frederican age, they were sometimes referring not to the monarch in Sans Souci, but to his namesake, the Berlin bookseller Friedrich Nicolai." Such was the importance attributed to Nicolai's role in the intellectual life of his age by his own contemporaries. While long neglected by students of the period, who tended to accept the caricature of him as a philistine who failed to recognize Goethe's genius, Nicolai has experienced a resurgence of interest among scholars reexploring the German Enlightenment and the literary marketplace of the eighteenth century. This book, drawing upon Nicolai's large unpublished correspondence, rounds out the picture we have of Nicolai already as author and critic by focusing on his roles as bookseller and publisher and as an Aufkärer in the book trade.

A guide to family vacationing describes resorts, ski areas, cruises, historic sites, and more

With her sweeping perspectives, vivid colors and abundant details, author and artist Roxie Munro portrays Paris, the City of Light, with respect for both its revered traditions and its modern panache. Seen from one angle and then another, the world's most beloved capital offers a wealth of treasures for children and travelers of all ages. The Tuileries Gardens with its gaily spinning carousel; a streamlined patisserie turning out artful pastries; the majestic Arc de Triomphe and the vista it affords -- these are just some of the vibrant sites and setting to which Ms. Munro turns her gift for drama, pattern, and color. From the ultramodern Pompidou Center to an open-air market, from boats cruising the Seine to booksellers on its banks, this book is full of light and life. By the time Timber Marlow is fifteen years old, she has already killed three men. Despite the bloody and violent nature of their deaths, Timber is hardly a murderer, at least not in the traditional sense of the word. She has lived her entire life as a cannibal within a cult tucked away in the San Bernardino Mountains called the Divinity of Feminine Reproach. She watches rituals where Divinity members are tied down and beheaded by their leader, Daddy Marlow. The Divinity keeps itself isolated from the Outside, which is the mainstream society beyond its invisible borders. When the opportunity presents itself, Timber escapes into the Outside, bearing witness to some dark and unsettling truths about the world around her and the integral role she plays in it. And no matter how long she stays away, Timber finds out the past isn't as far away as she thinks it is. In this debut novel, laced with scenes of horrific violence and uplifting humanity, Martin Lastrapes has written a one-of-a-kind story about love, friendship, sacrifice, and cannibalism.

Walking through Montmartre that morning was like the eerie calm right before a storm. The roads were deserted. We carried on, arm in arm, and then finally, we saw them. Columns and columns of soldiers, spreading through the streets like a toxic grey vapour. 'You must write about this,' he whispered to me. 'You must write about the day freedom left Paris.' 1937: Florence has dreamed her whole life of coming to Paris. She arrives on a sweltering summer day and, lost on the steep streets of Montmartre, asks for directions from Otto, a young artist with paint-spattered clothes and the most beautiful smile she has ever seen. Otto becomes her guide to Paris, taking her to visit paintings in the Louvre and bookshops by the Seine. And when Otto returns home to finish his studies, they vow to reunite on the same spot they met, one year to the day. Still dreaming of their parting kiss, Florence starts writing for an American newspaper and throws herself into becoming truly Parisian. All too soon, heady days of parties and champagne are replaced by rumours of war. When Otto finally returns to her, it is as an exile, fleeing Nazi persecution. Soon, not even Paris is safe. Florence's articles now document life under occupation and hide coded messages from the Resistance. But with the man she loves in terrible danger, her words feel hollow and powerless. If Florence risks everything by accepting a dangerous mission, can she rescue their dreams from that sunny day before the war? A sweeping wartime story that will capture your heart and never let it go. Fans of *The Alice Network*, *The Lost Girls of Paris* and *My Name is Eva* will be absolutely gripped from the very first page.

One of Popsugar's Best New Books for Summer 2020 A thirty-year-old woman retraces her gap year through Ireland, France, and Italy to find love—and herself—in this hilarious and heartfelt novel. It's been seven years since Chelsea Martin embarked on her yearlong postcollege European adventure. Since then, she's lost her mother to cancer and watched her sister marry twice, while Chelsea's thrown herself into work, becoming one of the most talented fundraisers for the American Cancer Coalition, and with the exception of one annoyingly competent coworker, Jason Knightley, her status as most successful moneymaker is unquestioned. When her introverted mathematician father announces he's getting remarried, Chelsea is forced to acknowledge that her life stopped after her mother died and that the last time she can remember being happy, in love, or enjoying her life was on her year abroad. Inspired to retrace her steps—to find Colin in Ireland, Jean Claude in France, and Marcelino in Italy—Chelsea hopes that one of these three men who stole her heart so many years ago can help her find it again. From the start of her journey nothing goes as planned, but as Chelsea reconnects with her old self, she also finds love in the very last place she expected.

NATIONAL BEST SELLER * From the Pulitzer Prize-winning and best-selling author: a

captivating, brilliantly imaginative story of three extraordinary animals--and a young boy--whose lives intersect in Paris in this "feel-good escape" (The New York Times). Paras, short for "Perestroika," is a spirited racehorse at a racetrack west of Paris. One afternoon at dusk, she finds the door of her stall open and--she's a curious filly--wanders all the way to the City of Light. She's dazzled and often mystified by the sights, sounds, and smells around her, but she isn't afraid. Soon she meets an elegant dog, a German shorthaired pointer named Frida, who knows how to get by without attracting the attention of suspicious Parisians. Paras and Frida coexist for a time in the city's lush green spaces, nourished by Frida's strategic trips to the vegetable market. They keep company with two irrepressible ducks and an opinionated raven. But then Paras meets a human boy, Etienne, and discovers a new, otherworldly part of Paris: the ivy-walled house where the boy and his nearly-one-hundred-year-old great-grandmother live in seclusion. As the cold weather nears, the unlikelyst of friendships bloom. But how long can a runaway horse stay undiscovered in Paris? How long can a boy keep her hidden and all to himself? Jane Smiley's beguiling new novel is itself an adventure that celebrates curiosity, ingenuity, and the desire of all creatures for true love and freedom.

"The posthumously published collection *Hermit in Paris* draws together an array of Italo Calvino's autobiographical writings that provide an illuminating and unexpectedly intimate portrait of one of the postwar era's most inventive and fascinating writers. In these pages, Calvino recounts his experiences in Italy's antifascist resistance, pays homage to his influences, traces the evolution of his literary style, and, in one of the book's most humorous and entertaining sections, provides a wry commentary on his travels in the United States in 1959 and 1960"--

From Caldecott honoree LeUyen Pham, *Outside, Inside* is a moving picture book celebrating essential workers and the community coming together to face the challenges of the global COVID-19 pandemic. Something strange happened on an unremarkable day just before the season changed. Everybody who was outside went inside. Outside, it was quieter, wilder, and different. Inside, we laughed, we cried, and we grew. We remembered to protect the ones we love and love the ones who protect us. While the world changed outside, we became stronger on the inside and believed that someday soon spring would come again. In the closing years of the fourteenth century, an anonymous French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. The book was designed to teach this young wife the moral attributes, duties, and conduct befitting a woman of her station in society, in the almost certain event of her widowhood and subsequent remarriage. The work also provides a rich assembly of practical materials for the wife's use and for her household, including treatises on gardening and shopping, tips on choosing servants, directions on the medical care of horses and the training of hawks, plus menus for elaborate feasts, and more than 380 recipes. The Good Wife's Guide is the first complete modern English translation of this important medieval text also known as *Le Ménagier de Paris* (the Parisian household book), a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages. The Good Wife's Guide, expertly rendered into modern English by Gina L. Greco and Christine M. Rose, is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual. This edition presents the book in its entirety, as it must have existed for its earliest readers. The Guide is now a treasure for the classroom, appealing to anyone studying medieval literature or history or considering the complex lives of medieval women. It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts. The work illustrates how a (perhaps fictional) Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation.

From dramatic topiaries and black tulips in Massachusetts to the living wall in the courtyard of a Paris penthouse, fresh ideas permeate both the gardens found within this book and the design thinking behind them.

This work tells the story of the way in which the turbulent, hedonistic world of mid-19th-century Paris touched the careers and work of a host of Victorian writers, major and minor.

Petra Blaisse and her firm, *Inside Outside*, specialize in the rare combination of interior and landscape design, interweaving architecture and context. Interior projects use materials that introduce visual effects such as color, flexibility, seasonal change, and movement and solve acoustic, climatic, shading, and spatial issues. Landscape projects reflect a fascination with materials, light, and movement within an urban and infrastructural program. This approach brings forth a series of strong, multilayered garden and park designs that combine logistics with rich planting schemes and graphic effects. *Inside Outside* introduces the full range of Blaisse's work, focusing on collaborations with internationally renowned architects including Rem Koolhaas and SANAA. It weaves together descriptions and documentation of more than fifty projects, a conversation with the designer, and essays by renowned writers and critics.

This exquisite volume beautifully reproduces and insightfully examines the most important illuminations found in French history manuscripts.

Paris. The name alone conjures images of chestnut-lined boulevards, sidewalk cafés, breathtaking façades around every corner--in short, an exquisite romanticism that has

captured the American imagination for as long as there have been Americans. In 1995, Adam Gopnik, his wife, and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light. Gopnik is a longtime New Yorker writer, and the magazine has sent its writers to Paris for decades--but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful. It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens, to enjoy a croque monsieur in a Left Bank café--a child (and perhaps a father, too) who would have a grasp of that Parisian sense of style we Americans find so elusive. So, in the grand tradition of the American abroad, Gopnik walked the paths of the Tuileries, enjoyed philosophical discussions at his local bistro, wrote as violet twilight fell on the arrondissements. Of course, as readers of Gopnik's beloved and award-winning "Paris Journals" in The New Yorker know, there was also the matter of raising a child and carrying on with day-to-day, not-so-fabled life. Evenings with French intellectuals preceded middle-of-the-night baby feedings; afternoons were filled with trips to the Musée d'Orsay and pinball games; weekday leftovers were eaten while three-star chefs debated a "culinary crisis." As Gopnik describes in this funny and tender book, the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys--both hold new routines, new languages, a new set of rules by which everyday life is lived. With singular wit and insight, Gopnik weaves the magical with the mundane in a wholly delightful, often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century. "We went to Paris for a sentimental reeducation-I did anyway-even though the sentiments we were instructed in were not the ones we were expecting to learn, which I believe is why they call it an education."

Illustrations and brief text present some noted sights in Paris, including the Eiffel Tower, the Arch of Triumph, the Metro subway, and a puppet theater.
