Chromebooks are perfect for Seniors. Hopefully you are at a state in your life where the Internet helps you but doesn't define you. You don't need to have a powerhouse computer that can have 200 spreadsheets running at the same time or watching a movie while you have 100 other apps open! You just want a computer that lets you check up on things, and maybe stream a movie or to. In a word: something simple. If that sounds like you, then all you have to do is figure out how to use a Chromebook! Fortunately, if you've ever used the Internet, then that part will come pretty easy. This book will walk you through what you need to know so you can be up and running in no time. Ready? Let's get started! NOTE: This book is not endorsed by Alphabet, Inc. It contains content from "The Ridiculously Simple Guide to Chromebook" but with added content on accessibility.

Laptops have often been seen as the domain mainly of students and businessmen. However, they are also an excellent option for senior users: their mobility means that they can be used in any location and with the advent of wireless technology they can be used in a variety of public places to surf the Web or keep in touch with family and friends. Laptops for Seniors in easy steps shows how these portable computers are ideal for seniors. Updated to cover the update to Windows 8 (Windows 8.1) the book begins by looking at some of the ergonomic issues surrounding laptops and shows how to be as comfortable as possible when using them and transporting them. It then gives an overview of the workings of laptops, including the software that is provided with them and some of the exciting new features in Windows 8.1. Issues such as using your laptop on vacation and sharing it with other family members are then looked at, to show how laptops are versatile and family-friendly. Extensive coverage is also devoted to networking and using a laptop wirelessly, with particular attention given to accessing the Internet from wireless locations (Hot Spots) such as airports, coffee shops and libraries. Laptops for Seniors in easy steps demonstrates that seniors can have the freedom to take their computing and wireless technology with them at all times and be fully paid up members of the mobile computing revolution.

Chinatown Pretty features beautiful portraits and heartwarming stories of trend-setting seniors across six Chinatowns. Andria Lo and Valerie Luu have been interviewing and photographing Chinatown's most fashionable elders on their blog and Instagram, Chinatown Pretty, since 2014. Chinatown Pretty is a signature style worn by pòh pohs (grandmas) and gùng gungs (grandpas) everywhere—but it's also a life philosophy, mixing resourcefulness, creativity, and a knack for finding joy even in difficult circumstances. • Photos span Chinatowns in San Francisco, Oakland, Los Angeles, Chicago, New York City, and Vancouver. • The style is a mix of modern and vintage, high and low, handmade and store bought clothing. • This is a celebration of Chinese American culture, active old-age, and creative style. Chinatown Pretty shares nuggets of philosophical wisdom and personal stories about immigration and Chinese-American culture. This book is great for anyone looking for advice on how to live to a ripe old age with grace and good humor—and, of course, on how to stay stylish. • This book will resonate with photography buffs, fashionistas, and Asian Americans of all ages. • Chinatown Pretty has been featured by Vogue.com, San Francisco Chronicle, Design Sponge, Rookie, Refinery29, and others. • With a textured cover and glossy bellyband, this beautiful volume makes a deluxe gift. • Add it to the shelf with books like Humans of New York by Brandon Stanton, Advanced Style by Ari Seth Cohen, and Fruits by Shoichi Aoki.
