

Look What You Made Me Do A Powerful Memoir Of Coercive Control

Look What You Made Me Do Grand Central Publishing

Taylor Swift is an American singer-songwriter. One of the world's leading contemporary recording artists, she is known for narrative songs about her personal life, which have received widespread media coverage. Born and raised in Pennsylvania, Swift moved to Nashville, Tennessee at the age of 14 to pursue a career in country music. She signed with the label Big Machine Records and became the youngest artist ever signed by the Sony/ATV Music publishing house. Her 2006 self-titled debut album peaked at number five on the Billboard 200 and spent the most weeks on the chart in the 2000s. The album's third single, "Our Song," made her the youngest person to single-handedly write and perform a number-one song on the Hot Country Songs chart. Swift's second album, *Fearless*, was released in 2008. Buoyed by the success of pop crossover singles "Love Story" and "You Belong with Me," *Fearless* became the best-selling album of 2009 in the US. The album won four Grammy Awards, with Swift becoming the youngest Album of the Year winner. Swift was the sole writer of her 2010 album, *Speak Now*. It debuted at number one in the United States and the single "Mean" won two Grammy Awards. Her fourth album, *Red* (2012), yielded the successful singles "We Are Never Ever Getting Back Together" and "I Knew You Were Trouble." For her fifth album, the pop-focused *1989* (2014), she received three Grammys, and became the first woman and fifth act overall to win Album of the Year twice. Its singles "Shake It Off," "Blank Space," and "Bad Blood" reached number one in the US, Australia, and Canada. The 2015 concert tour for *1989* became one of the highest-grossing of the decade. Swift's sixth album, *Reputation* (2017) and its lead single "Look What You Made Me Do" topped the UK and US charts; with the former, she became the first act to have four albums sell one million copies within one week in the US. As a songwriter, Swift has received awards from the Nashville Songwriters Association and the Songwriters Hall of Fame, and was included in *Rolling Stone's* 100 Greatest Songwriters of All Time in 2015. She is also the recipient of 10 Grammys, six Guinness World Records, one Emmy Award, 23 Billboard Music Awards, and 12 Country Music Association Awards. Swift is one of the best-selling music artists of all time, having sold more than 40 million albums-including 27.8 million in the US-and 130 million single downloads. She has appeared in *Time's* 100 most influential people in the world (2010 and 2015), *Forbes'* top-earning women in music (2011-2015), *Forbes'* 100 most powerful women (2015), and *Forbes* Celebrity 100 (2016). Her inclusion in the third of these made her the youngest woman on the list, and she ranked first in *Celebrity 100*.

In the last five years thousands of articles have been written about the white privilege and millions of times have been distributed on social networks. The main idea of these articles is the existence of a privilege that the white artists (more in the USA and UK) benefit, a privilege that lacks or is at a lower level for black people and other minorities. In this report I will explore a small part of the music industry from the USA, more precisely I will investigate the contribution, greater or lesser, of black and white artists in the production and writing of their albums. The artists investigated in this report are Taylor Swift, Kanye West, Beyoncé, Kendrick Lamar, Macklemore & Ryan, Adele and Beck. I selected these artists because the music produced and released by them were used to provide examples of racial discrimination that takes place in the music industry. Why black artists do not win the Album of the Year so often as white artists? The purpose of this report is to show (within the limits of the information used): - the creativity, originality and novelty of the investigated artists; - the artist who enjoys a greater contribution in the production and writing of songs from the album or albums that have been released; - whether the awards and recognition offered by the USA music industry are based on originality, creativity and novelty in music, or are offered based on the colour of the skin; - what are the differences between the music recognized by receiving an award and music that did not receive an award, but was nominated for the music award (either by the vote of the general public or by the vote of the members of the jury that awarded the song or the album); - whether the loss of the award is a direct and personal non-recognition of the artist who performed the songs and under whose name the songs and album are released; - whether the loss of the award is a direct and personal non-recognition of the producers and lyricists who created parts of a song and the album; - reasons that might justify why white artists receive more recognition than black artists in the music industry (only the artists in this report and Grammy Awards: Album of the Year, Best Rap Album, MTV, Beyoncé versus Taylor Swift regarding the originality of two songs). This report was born out of the urgent need to confront and challenge the core arguments of black artists who feel and promote the idea of injustice regarding their music, hoping to provide clearer, more transparent information and better-founded reasons for the institution's decision to award the white artists from this report. Black artists and white artists are in need of answers and this report is a meditative resource about the recognition of their contribution in the music industry. In this report interested people about music and awards will find the space to read about it and confront their knowledge with the report's findings. The report can be used to calm the realities of racism and can provide a point of reference of the quality, originality and novelty of the music used in this report, but also for future artists waiting to be discovered. The findings of the report might be a challenge for people with a fixed opinion about who is the best artist despite the evidence

used. In the end, the findings of this report are a challenge for the music industry as well, as it contributes to the wider discussion about creativity, originality and novelty of the artists and who/which artist/song/album should get the higher award.

For more than two years, BBC Radio 4's The Archers ran a disturbing storyline centred on Helen Tichener's abuse at the hands of her husband Rob. Not the kind of abuse that leaves a bruise, but the sort of coercive control that breaks your spirit and makes it almost impossible to walk away. As she listened to the unfolding story, Helen Walmsley-Johnson was forced to confront her own agonizing past. Helen's first husband controlled her life, from the people she saw to what was in her bank account. He alienated her from friends and family and even from their three daughters. Eventually, he threw her out and she painfully began to rebuild her life. Then, divorced and in her early forties, she met Franc. Kind, charming, considerate Franc. For ten years she would be in his thrall, even when he too was telling her what to wear, what to eat, even what to think. Look What You Made Me Do is her candid and utterly gripping memoir of how she was trapped by a smiling abuser, not once but twice. It is a vital guide to recognizing, understanding and surviving this sinister form of abuse and its often terrible legacy. It is also an inspirational account of how one woman found the courage to walk away.

"One of America's most notorious murder cases inspires this feverish debut" novel that goes inside the mind of Lizzie Borden (The Guardian). On the morning of August 4, 1892, Lizzie Borden calls out to her maid: Someone's killed Father. The brutal ax-murder of Andrew and Abby Borden in their home in Fall River, Massachusetts, leaves little evidence and many unanswered questions. In this riveting debut novel, Sarah Schmidt reimagines the day of the infamous murders as an intimate story of a family devoid of love. While neighbors struggle to understand why anyone would want to harm the respected Borden family, those close to the family have a different tale to tell: of a father with an explosive temper, a spiteful stepmother, and two spinster sisters desperate for their independence. As the police search for clues, Lizzie's memories of that morning flash in scattered fragments. Had she been in the barn or the pear arbor to escape the stifling heat of the house? When did she last speak to her stepmother? Were they really gone and would everything be better now? Shifting among the perspectives of the unreliable Lizzie, her older sister Emma, the housemaid Bridget, and the enigmatic stranger Benjamin, the events of that fateful day are slowly revealed through a high-wire feat of storytelling.

This book is a timely reminder about why Australia needs to respond to the growing social problem of domestic violence and recognise that young victims of revenge killings are innocent victims of a far bigger issue. The women in this book, whose children have been killed by their former partners, know firsthand the lifelong sentence of suffering and many have been quietly campaigning for social change for decades. This book has come about because after working closely with Cindy Gambino during the writing of On Father's Day, journalist and author Megan Norris felt that a closer look at Cindy's story in context with other stories of retaliatory filicide was necessary. Megan is a former winner of the EVA (Eliminating Violence Against Women) awards and is the co-author of the bestselling book Perfect Victim, On Father's Day (with Cindy Gambino), True True Blood, and Love You to Death (with Chris Soteriou).

Domestic abuse is a national emergency: one in four Australian women has experienced violence from a man she was intimate with. But too often we ask the wrong question: why didn't she leave? We should be asking: why did he do it? Investigative journalist Jess Hill puts perpetrators – and the systems that enable them – in the spotlight. See *What You Made Me Do* is a deep dive into the abuse so many women and children experience – abuse that is often reinforced by the justice system they trust to protect them. Critically, it shows that we can drastically reduce domestic violence – not in generations to come, but today.

Combining forensic research with riveting storytelling, *See What You Made Me Do* radically rethinks how to confront the national crisis of fear and abuse in our homes. 'A shattering book: clear-headed and meticulous, driving always at the truth'—Helen Garner 'One Australian a week is dying as a result of domestic abuse. If that was terrorism, we'd have armed guards on every corner.' —Jimmy Barnes 'Confronting in its honesty this book challenges you to keep reading no matter how uncomfortable it is to face the profound rawness of people's stories. Such a well written book and so well researched. *See What You Made Me Do* sheds new light on this complex issue that affects so many of us.'—Rosie Batty

A gripping thriller about a woman who must help cover the tracks of her serial killer sister -- only to discover her sibling isn't the only serial killer in town . . . and they're both next on his kill list. Carrie Lawrence is an accomplice to murder, multiple murders actually, because her sister is a serial killer. When her sister's most recent victim is discovered and police find twelve more bodies buried nearby -- all missing a foot! -- things get weird. Carrie has helped her sister dispose of thirteen two-footed bodies in the past decade, but these bodies are being attributed to a madman dubbed "Footloose" by the media. At first, Carrie is not certain if Footloose is real or just a side hobby for her sister, but when she finds a masked man hiding in her closet, she realizes that a second serial killer does indeed exist. She can't go to the police with her story so she reluctantly teams up with Becca to find the killer before she becomes his next victim.

God has dreams—just for you *Becoming Myself* is a hope-filled book for anyone who wonders if her life will ever change—if she will ever change. In Stasi Eldredge's most intimate book yet, she shares her own struggles with self-worth, weight, and her past as she shows readers how God is faithfully unveiling who we truly are. Stasi urges you to lay down your past thoughts about yourself and receive God's incredible dreams for you instead. We cannot heal ourselves. We cannot become ourselves by ourselves. But we are not by ourselves. The King of love wants to help us become. God desires to restore us—the real us. As he heals our inner life, he calls us to rise to the occasion of our lives. The most important journey any woman can take is the journey into becoming her true self through the love of God. It's a beautiful paradox. The more of God's you become, the more yourself you become—the "self" he had in mind when he thought of you before the creation of the world. Discover your truest self—the woman God created

you to be—in *Becoming Myself*.

A deeply researched account from an award-winning journalist that uncovers the ways in which abusers exert control in the darkest—and most intimate—ways imaginable. We fear dark alleys when in truth, home is the most dangerous place for a woman. Of the 87,000 women killed globally in 2017, more than a third (30,000) were killed by an intimate partner, and another 20,000 were killed by a family member. In the US, that rate is 2.5 women killed by their partner every day. These statistics tell us something that's almost impossible to grapple with: it's not the monster in the dark women should fear, but the men they fall in love with. In not only a searing investigation, but a dissection of how that violence can be enabled and reinforced by the judicial system we trust to protect us, *See What You Made Me Do* carefully dismantles the flawed logic of victim-blaming and challenges everything you thought you knew about domestic and family violence.
