Space is cold. But the heart of an Omega Captain is colder still. The Sa'Nerra were close to defeat, then everything changed. Armed with a unique neural weapon, the merciless alien warriors turned Fleet crew against their own. Entire warships went rogue. Suspicion and fear ran riot. Surrender seemed like the only option. But Captain Lucas Sterling knows that in the fight against the Sa'Nerra there is only victory or death. Sterling is an Omega Captain. His rank and his command of the Fleet Marauder Invictus were both won in a depraved and monstrous trial of grit and determination. Sterling will do anything to ensure the Sa'Nerra do not prevail. Even if that means killing Fleet crew that have been "turned". Even if that means killing the people he loves. But the neural control weapon is not the only danger Fleet faces. Deep inside the Void the aliens are building a super-weapon. Sterling and his crew must destroy it at all costs. Back on Earth, the United Governments are desperate for peace. Then after fifty years without a single word of contact between the two races, the Sa'Nerra finally send an emissary. But the belligerent alien race sent an emissary of war, not peace. The fate of humanity now lies in the hands of Captain Sterling and the Omega officers of the Invictus. But victory is only possible if he is willing to do anything it takes to win. The Emissary is book one of the new Omega Taskforce military sci-fi series by G J Ogden. If you like the sound of Battlestar Galactica crossed with Star Trek's Section 31, you'll love it. USA Today Bestselling author, W.J. May, brings you the Omega Box Set for a limited time. This YA/NA series covers love, betrayal, coming of age, magic and fantasy. Be prepared to fight, it's the only option. **BOOK 1 - DISCIPLINE** Not every fairytale has a happily ever after... For the first time in hundreds of years, the five kingdoms were at peace. United by the band of young heroes who'd won the Great War, the realm had entered a time of wealth and prosperity unlike anything it had known before. New families. New Beginnings. Old alliances were on the mend. But such a thing can never last. When Katerina and Dylan's teenage daughter finds herself at the center of a strange prediction, she and her friends are swept away on a wild adventure that may very well claim all of their lives. Old evils are lurking the shadows. A secret new darkness is waiting to take hold. Can the new band of heroes stop it in time? Or has their happily ever after finally come to an end? **BOOK 2 - BRAVERY** How long can you outrun your fate? When Evie and her friends set out to fulfill a long-awaited prophecy, they never thought their adventure would turn into a nightmare before their very eyes. Trapped in a cavern beneath the ground, they find themselves going up against a creature so twisted and terrible, they wouldn't have believed it was real. Their strength is tested and friendships are strained. But as they soon discover, the creature was the least of their problems. The world is shifting. Shadows and darkness are entering the land. Rumors are whispering around the remaining kingdoms. Rumors of a dark and powerful stone. Can the friends find it in time? Or are some prophecies never meant to be? **BOOK 3 - COURAGE** How time flies... When Evie and her

friends find themselves trapped in the sorcerer's cave, they think all is lost. But rescue comes from the most unlikely of people. And with it comes the most terrible truth. With the five kingdoms divided and the realm on the verge of collapse, the prophecy is more urgent than ever. But the road is treacherous and the friends are on the other side of the realm. New alliances must be forged and friendships are tested as they set off to fulfill their destiny, only to find that the fates may have something different in store. Is it possible to pick up the pieces and start again? Can the friends get to the Dunes and find the missing stone in time? More importantly... ..are some sins too terrible to forgive? Be careful who you trust. Even the devil was once an angel. imposed exile and thrust him into a world he could have never imagined. He suddenly finds himself trapped on a damaged alien spacecraft and plunged into a universe of interstellar crime lords and government conspiracies, along the way meeting strange new friends... and enemies. As he struggles to find his way back home he is inexorably drawn deeper into a world where one misstep could mean his death. Or worse. He desperately wants to get back to Earth, but it may be the end for him. ... or is it just the beginning?

Traumatic brain injury (TBI) accounts for up to one-third of combat-related injuries in Iraq and Afghanistan, according to some estimates. TBI is also a major problem among civilians, especially those who engage in certain sports. At the request of the Department of Defense, the IOM examined the potential role of nutrition in the treatment of and resilience against TBI.

Great superpowers come with even greater enemies. Now that twenty-year-old Theodore Conley is the licensed superhero known as Kinetic, he must bring to justice the mysterious dark forces that killed his family and are trying to stop him from becoming the world's greatest champion. The problem is that the path to justice is blocked by the Sentinels, the world's most powerful team of Metahumans. With the help of superhero detective Truman Lord and Theo's friend Myth, Theo struggles to locate the Omega weapon, an ancient artifact that is Theo's only hope against the Sentinels and the key to unlocking Theo's full superhero potential. It's not just Theo's life at stake in this quest. The fate of the entire world hangs in the balance.

Does a longer life mean a healthier life? The number of adults over 65 in the United States is growing, but many may not be aware that they are at greater risk from foodborne diseases and their nutritional needs change as they age. The IOM's Food Forum held a workshop October 29-30, 2009, to discuss food safety and nutrition concerns for older adults.

Superheroes aren't born. They're forged in the Trials. Theodore Conley's troubles are just beginning after he spares the life of the supervillain who murdered his family. Theo must now endure the Hero Trials to further prove he is worthy of wearing a superhero's cape. On alien worlds and in other dimensions, Theo must fight other superhumans, his personal demons, and even his friends in the Trials' vicious battles, tests, and contests. If he doesn't prevail, he'll lose the use of his superpowers. Even worse, he'll never bring to justice the dark forces behind the supervillain who killed his family. Little does Theo know those murderous forces are sabotaging his efforts. They know he has the potential to become the world's greatest superhero. With powerful and mysterious enemies hounding his every step, the question is not only if Theo will triumph in the Trials. The question is if he'll even survive them.

One touch, and Juliette Ferrars can leave a fully grown man gasping for air. One touch, and she can kill. No one knows why Juliette has such incredible power. It feels like a curse, a burden that one person alone could never bear. But The Reestablishment sees it as a gift, sees her as an opportunity. An opportunity for a deadly weapon. Juliette has never fought for herself before. But when she's reunited with the one person who ever cared about her, she finds a strength she never knew she had. And don't miss *Defy Me*, the shocking fifth book in the *Shatter Me* series!

Fish oil's universal actions and benefits make it one of the best choices for all Americans to influence their health for the better. Taking fish oil as a supplement or as part of a healthy diet, along with adequate amounts of exercise and stress reduction, can save lives, prevent disease, and reduce our healthcare requirements. In this book, we will discuss the latest

science on the benefits of omega-3's and how this special molecule can benefit every organ in our body. We will also focus on how our body's innate natural protective mechanism, the inflammatory response, is hijacked by our poor diet and lifestyle choices and contributes, rather than prevents diseases of aging. We will give you the information you need to make better choices when looking for fish oil supplements and help you determine what dose of omega-3's works best for you. We hope to lead you down a road of exciting discovery, give you the tools to make better choices and help you to die young... as late as possible!

This book provides a comprehensive overview of current knowledge of cannabinoid activity in human physiology and points out the importance of endocannabinoid system for the maintenance of human health and treatment of diseases. Each chapter has been organized with the aim to cover basic concepts in the modulation of endocannabinoid system in both physiological and pathological conditions, thanks to the integration of data from experimental animal models and clinical observations. A special focus has been put on the medical use of cannabinoids and on the targeting of endocannabinoid system as new therapeutic strategy for the prevention and treatment of human diseases. Taken together, this book targets a wide audience of basic and clinical scientists, teachers and students interested in gaining a better understanding in the field of cannabinoids.

Keep your brain young, healthy, and sharp with this science-driven guide to protecting your mind from decline by neurosurgeon and CNN chief medical correspondent Dr. Sanjay Gupta. Throughout our life, we look for ways to keep our minds sharp and effortlessly productive. Now, globetrotting neurosurgeon Dr. Sanjay Gupta offers “the book all of us need, young and old” (Walter Isaacson, #1 New York Times bestselling author of *The Code Breaker*) with insights from top scientists all over the world, whose cutting-edge research can help you heighten and protect brain function and maintain cognitive health at any age. *Keep Sharp* debunks common myths about aging and mental decline, explores whether there’s a “best” diet or exercise regimen for the brain, and explains whether it’s healthier to play video games that test memory and processing speed, or to engage in more social interaction. Discover what we can learn from “super-brained” people who are in their eighties and nineties with no signs of slowing down—and whether there are truly any benefits to drugs, supplements, and vitamins. Dr. Gupta also addresses brain disease, particularly Alzheimer’s, answers all your questions about the signs and symptoms, and shows how to ward against it and stay healthy while caring for a partner in cognitive decline. He likewise provides you with a personalized twelve-week program featuring practical strategies to strengthen your brain every day. *Keep Sharp* is the “must-read owner’s manual” (Arianna Huffington) you’ll need to keep your brain young and healthy regardless of your age!

Shailyn knew living in a small town would be different than the city she grew up in, but she didn’t realize how difficult it was going to be. The Alphas there didn’t believe in suppressants, and they prevent her from ordering more so she wouldn’t infect the other omegas with her

threat like no other--one that lurks too close to home... They are the wild and the broken. The werewolves too damaged to live safely among their own kind. For their own good, they have been exiled to the outskirts of Aspen Creek, Montana. Close enough to the Marrok's pack to have its support; far enough away to not cause any harm. With their Alpha out of the country, Charles and Anna are on call when an SOS comes in from the fae mate of one such wildling. Heading into the mountainous wilderness, they interrupt the abduction of the wolf--but can't stop blood from being shed. Now Charles and Anna must use their skills--his as enforcer, hers as peacemaker--to track down the attackers, reopening a painful chapter in the past that springs from the darkest magic of the witchborn...

Book 2 of the Omega House series. (MPreg Alpha/Omega) When Roper & Associates breeding farm was raided, Freddie was rescued from the hell he'd been living in for years. As a pregnant omega, he didn't have many prospects for his future, but at least he was free and would be able to keep this baby. Unlike the others he'd birthed while at R&A. While living at the Omega House, he befriends a homeless omega who is scared and looking for friendship. They provide that for each other, and when the omega's alpha brother comes looking for him, everything in Freddie's life changes. Raising a newborn as a single omega isn't easy, but he finds the support he needs to be the parent all babies deserve. But will he have to do it alone? It's been four years since the tragedy that claimed the Mountain Ridge Alpha and Mel, the mutual mate of Alpha Hassan Amari and the beta Toval. As a mated Alpha-beta pair, Toval and Hassan have managed to defy the odds and come through tragedy stronger than ever, despite the shroud of secrecy that surrounds Mel's death. Strange letters from an impossible sender throw the fragile balance of their healing into question. Alphas are dying in Europe, and

a group of omegas with a deadly mission has taken credit. They call themselves Epsilon, and they're hell-bent on overthrowing the hierarchical system that has ruled the shifter world for as long as anyone can remember. Meanwhile, the success of the European Council breeding program, known colloquially as the Futurus Initiative, has increased pressure on stateside Alphas to conform in order to save their dwindling population. Hassan and Toval's joint effort to fight the Initiative seems to have failed, but Epsilon has less peaceful methods in mind. One letter changes everything. The leader of Epsilon chooses Hassan and Toval to deliver his ultimatum: Abandon the initiative, or every pack Alpha in the Council will die. Toval and Hassan find themselves the unwitting messengers of this twisted message, pitted against a corrupt Council and a ghost of the past who will stop at nothing to get what he wants. Time will tell if their love can withstand this dangerous new alliance. This is book 10 of the Mountain Shifters Series and contains story elements that are meant to be read in the context of the events in the rest of the series. This work is meant for mature audiences only.

KennyIn this place, the Omega Auction House, I was nothing but a commodity. A far cry from when I had just turned eighteen and after intense vetting and negotiations, my father had proudly announced that he'd placed me with the Whiskey River pack. No one could dispute that it had been a good placement, as I'd spent the next four years being spoiled and cosseted by my Alpha. Four years of sharing his life, whimpering under his touch, and raising the pups that we had created together only to find myself here. Pregnant and alone, abandoned by the Alpha who'd sworn to make me his own.DreyHell and damnation! My opportunity to make a good first impression on my new Omega and damned if my grand entrance hadn't gone unnoticed. Both Omegas present were intently focused on the dragon in the room. Not only that, but the bastard had a firm grip on the neck of the sweet little redhead I had just purchased. I wasn't one to cling to the old adage that wolves and dragons had to be enemies, but seriously. Damn dragon.One unwanted Omega plus one eager Alpha, it should be simple, right? When Kenny's former Alpha attempts to re-stake his claim, the complications mount with Kenny the grand prize in The Mating Game.

Since A BRIEF HISTORY OF TIME scientists have been in the midst of a revolution in cosmology. Gradually, astronomers and physicists are answering questions that have plagued mankind since prehistory: how was the universe born, how will it end? They are even now peering into the cradle of the universe - and into its grave. By the beginning of next year, scientists will have a clue to some of the answers. These will be among the greatest triumphs of science. This book tells that story and will reveal results of the most advanced experiments in cosmology ever conducted. It's a tale of men solving the insoluble, of the controversy and anger of rivals after the same goal. Even more thrillingly - it is a lucid explanation of new scientific ideas that stretch man's powers of understanding to their highest levels.

The first middle grade novel in an exciting new series from acclaimed author Diana Peterfreund, perfect for fans of The Goonies and The City of Ember. Gillian Seagret doesn't listen to people who say her father's a crackpot. His

conspiracy theories about the lost technology of Cold War–era rocket scientist Dr. Aloysius Underberg may have cost him his job and forced them to move to the middle of nowhere, but Gillian knows he's right and plans to prove it. When she discovers a missing page from Dr. Underberg's diary in her father's mess of an office, she thinks she's found a big piece of the puzzle—a space-themed riddle promising to lead to Dr. Underberg's greatest invention. Enlisting the help of her skeptical younger brother, Eric, her best friend, Savannah, and Howard, their NASA-obsessed schoolmate, Gillian sets off on a journey into the ruins of Omega City, a vast doomsday bunker deep inside the earth,. But they aren't alone inside its dark and flooded halls. For while Gillian wants to save her dad's reputation by bringing Dr. Underberg's secrets to light, there are others who will stop at nothing to make sure they stay buried . . . forever.

Told with P. D. James's trademark suspense, insightful characterization, and riveting storytelling, *The Children of Men* is a story of a world with no children and no future. The human race has become infertile, and the last generation to be born is now adult. Civilization itself is crumbling as suicide and despair become commonplace. Oxford historian Theodore Faron, apathetic toward a future without a future, spends most of his time reminiscing. She is nothing more to him than a means to obtain children. When she is released from the stasis she voluntarily entered, the world that greets Emily Harding is far from what she expected. It more closely resembles a post-apocalyptic novel than the rolling green Tennessee hills she's left behind. Worse than that, it seems that the rule of law is a thing of the past, and that society has devolved into what it was thousands of years ago – feudal tribes warring with each other over precious and rare supplies, which includes females. One type of female in particular. It is raw, unforgiving, and animalistic. Much

like the behavior of the man who takes her captive and holds her there, forcing her to learn that even she is not unaffected by the changes that have been wrought on the world, proving to her time and time again that she is nothing more to him than a means to obtain children. And making her scream in agonizing pleasure as he does so.

Publisher's Note: The Alpha's Woman is a dark tale with some explicit themes.

Read today what your friends will be reading tomorrow.... because you'll tell them about it. The Illuminati Bible is a treasure of esoteric knowledge and wisdom. Track the secrets of the Christian Bible with a book that is full of cross-references as well as Hebrew and Greek breakdowns. Locate the encrypted message of the Christian Bible with easy to follow footnotes. Find out who the ancient Hebrew's really were, what the Tree of Life really represents, and why the Tree of Knowledge bore forbidden fruit. The Illuminati Bible also takes the reader step by step through the history of religion showing when, where, and why the three Abrahamic religions were created. Look into the mind of the Illuminati and explore their doctrine and plans of world dominance through a New World Order. Follow the sacred bloodline as it ruled in history and reigns today through the British Monarch and the Committee of Three Hundred.

The Series contains Omega Iota Books One (Fitness), Two (Origins), Three (Order), Four (Arts), and Five (Metaphysics). Books One through Four are revisions, and Five is a first release. Discover the truth about who really lives above and below New York City with the entire Dead City trilogy—now available in a collectible boxed set! I hate zombies. I know that sounds prejudiced and I'm sure some are probably nice to kittens and love their parents. But it's been my experience that these are the exceptions to the rule. Meet Molly Bigelow. She's part of an elite team, OMEGA, whose job is to protect the living—and the almost living—who share the island of Manhattan. In Dead City, Molly is recruited to become a zombie hunter just like her mother. She must come to terms with the idea that zombies exist, and that it's her job to help police them and keep the peace. At the same time, Molly just wants to be a regular kid. But can she figure out how to do that when her mother was the most feared—or most revered—zombie hunter in the history of New York City? In Blue Moon, Molly's efforts to help her Omega team track down the identity of the original thirteen zombies takes her from the Macy's Thanksgiving Day parade to New Year's Eve in Times Square. Her loyalties to friends and family, and her life, are about to be tested in ways she'd never imagine. In Dark Days, Molly and the Omegas fight to contain the storm unleashed by Operation Blue Moon. As they do, Molly's personal life is thrown into turmoil when she discovers that one of her closest friends has joined the ranks of the undead, a development that threatens the Omegas as well as Molly's relationship with her mother.
