Pride & Prejudice meets Veronica Mars in this slick romantic spy-thriller where nothing's as it seems. Berry Fields is not looking for a boyfriend. She's busy trailing cheaters and liars in her job as a private investigator, collecting evidence of the affairs she's sure all men commit. And thanks to a pepper spray incident during an eighth grade game of spin the bottle, the guys at her school are not exactly lining up to date her, either. So when arrogant—and gorgeous—Tanner Halston rolls into town and calls her "nothing amazing," it's no loss for Berry. She'll forget him in no time. She's more concerned with the questions surfacing about her mother's death. But why does Tanner seem to pop up everywhere in her investigation, always getting in her way? Is he trying to stop her from discovering the truth, or protecting her from an unknown threat? And why can't Berry remember to hate him when he looks into her eyes? With a playful nod to Jane Austen, Spies and Prejudice will captivate readers as love and espionage collide.

<The Rhizome of Blackness is a critical ethnographic documentation of the process of how continental African youth are becoming Black in North America. They enter a -social imaginary- where they find themselves already falling under the umbrella of Blackness. For young Africans, Hip-Hop culture, language, and identity emerge as significant sites of identification; desire; and cultural, linguistic, and identity investment. No longer is -plain Canadian English- a site of investment, but instead, Black English as a second language (BESL) and -Hip-Hop all da way baby - (as one student put it). The result of this dialectic space between language learning and identity investment is a complex, multilayered, and -rhizomatic third space, - where Canada meets and rubs shoulders with Africa in downtown Toronto, Vancouver, or Montreal in such a way that it produces its own -ticklish subject- and pedagogy of imaginary and integrative anti-racism."

We revisit Lipset's law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization.

Decomposing overall income per capita into its resource and non-resource components, we find that the coefficient on the latter is positive and significant while that on the former is significant but negative, indicating that the role of resource income is central to the result.

Kundig's award-winning houses, known for their rugged yet elegant and welcoming style, are showcased in lush photography with drawings and sketches, and appear alongside his commercial work—from multistory complexes to the Tacoma Art Museum to a line of hardware (handles, door pulls, hinges, and more). These lessons were presented to limited audiences at three separate Aerospace Medical Association (AsMA) conferences: in 2004 in Anchorage, Alaska, on the causes of the accident; in 2005 in Kansas City, Missouri, on the response, recovery, and identification aspects of the investigation; and in 2011, again in Anchorage, Alaska, on future implications for human space flight. As we embark on the development of new spacefaring vehicles through both government and commercial efforts, the NASA Johnson Space Center Human Health and Performance Directorate is continuing to make this information available to a wider audience engaged in the design and development of future space vehicles." "Loss of Signal" summarizes and consolidates the aeromedical impacts of the Columbia mishap process—the response, recovery, identification, investigative studies, medical and legal forensic analysis, and future preparation that are needed to respond to spacecraft mishaps. The goal of this book is to provide an account of the aeromedical aspects of the Columbia accident and the investigation that followed, and to encourage aerospace medical specialists to continue to capture information, learn from it, and improve procedures and spacecraft designs for the safety of future crews. This poster presents an outline of "Loss of Signal" contents and highlights from each of five sections - the mission and mishap, the response, the investigation, the analysis and the future.
