Writing in the practical, engaging style of the award-winning Making Every Lesson Count, Louise and Dawn provide teachers of religious education with the means to help their pupils unpick the big questions of religious belief and practice, and of morality and philosophy - the things that make us human. Making Every RE Lesson Count is underpinned by six pedagogical principles - challenge, explanation, modelling, practice, feedback and questioning - and shares simple, realistic strategies that RE teachers can use to develop the teaching and learning in their classrooms. Each chapter explores a different principle in theory as well as in practice, and concludes with a series of questions that will inspire reflective thought and help teachers relate the content to their own work in the classroom. Furthermore, the book brings together two key strands in RE teaching - namely, what RE teachers teach and how they teach it - and the authors consider these strands through the disciplinary lenses of theology, philosophy and the social sciences. And, in doing so, Louise and Dawn place these disciplines at the heart of teaching and learning in the RE classroom. Written for new and experienced practitioners alike, Making Every RE Lesson Count will enable teachers to improve their students' conceptual and contextual understanding of the topics and themes explored across the breadth of the RE curriculum. Suitable for RE

teachers of pupils aged 11 to 18.
