Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if

Excerpt: ... adopted, and the new questions that have arisen make a new constitution absolutely necessary; in other words we have outgrown our youthful clothes, and in many cases we have worn them so long that they are badly frayed, ragged and holey. limitations of powers should be in the briefest possible terms. The English Constitution is unwritten. Our Constitution of the United States has stood the test for nearly a century and a half. The task of the convention that will consider the making of the Constitution of the State of Illinois considered mathematically is more of a task than the delegates had that made the Constitution of the United States. They represented something like three million and a half of people, while the State of Illinois probably has more than twice that number, and if the matter was considered from a financial basis, Illinois is now worth probably more than ten times as much as the entire United States was in 1787. The delegates to be selected for the work ought to be wise from study and from experience, men who could look backward as to what has been passed and look forward for fifty years to what may be needed.
