

United States History Study Guides

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

THE CLASSIC NATIONAL BESTSELLER "A wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future." –Howard Fast

Historian Howard Zinn's *A People's History of the United States* chronicles American history from the bottom up, throwing out the official narrative taught in schools—with its emphasis on great men in high places—to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, it is the only volume to tell America's story from the point of view of—and in the words of—America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As Zinn shows, many of our country's greatest battles—the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality—were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President

Read Book United States History Study Guides

Clinton's first term, *A People's History of the United States* features insightful analysis of the most important events in our history. This edition also includes an introduction by Anthony Arnove, who wrote, directed, and produced *The People Speak* with Zinn and who coauthored, with Zinn, *Voices of a People's History of the United States*.

Chronicles the history of the United States from the time of the Missouri Compromise, when Maine and Missouri became states, until Abraham Lincoln's election to the presidency.

Winner of the Pulitzer Prize: "The richest and most powerful single document of the American experience in World War II" (*The Boston Globe*). "The Good War" is a testament not only to the experience of war but to the extraordinary skill of Studs Terkel as an interviewer and oral historian. From a pipe fitter's apprentice at Pearl Harbor to a crew member of the flight that dropped the atomic bomb on Nagasaki, his subjects are open and unrelenting in their analyses of themselves and their experiences, producing what *People* magazine has called "a splendid epic history" of WWII. With this volume Terkel expanded his scope to the global and the historical, and the result is a masterpiece of oral history. "Tremendously compelling, somehow dramatic and intimate at the same time, as if one has stumbled on private accounts in letters locked in attic trunks . . . In terms of plain

Read Book United States History Study Guides

human interest, Mr. Terkel may well have put together the most vivid collection of World War II sketches ever gathered between covers.” —The New York Times Book Review “I promise you will remember your war years, if you were alive then, with extraordinary vividness as you go through Studs Terkel’s book. Or, if you are too young to remember, this is the best place to get a sense of what people were feeling.” —Chicago Tribune “A powerful book, repeatedly moving and profoundly disturbing.” —People

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

This classic work by the distinguished economist traces the history of nine American ethnic groups -- the Irish, Germans, Jews, Italians, Chinese, African-Americans, Puerto Ricans, and Mexicans.

Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

This is the 3rd CLEP review book that I've bought from you and I passed my other 2 exams on the first attempt so I'm optimistic about this exam. -Jill****Hi, I've passed 3/4 Clep's so far and with this book hopefully I'll make it 4/5. - Timothy S.**** My name is Amy and I purchased several pass your class study guides over the past two years they are awesome!!!! I recommend you guys to everyone and since I found you I think I have saved 5 friends at University of Phoenix at least 5000 dollars in overpriced general education classes! everyone loves you guys! It's awesome I was able to almost finish my bachelors in 24 months instead of 60 months simply by taking all my gen ed classes using you guys via DANTES and CLEP! Thanks, - Amy N.****

Chronicles the history of the United States from the election of George Washington as the first president to the end of the Mexican-American War, when Wisconsin became the thirtieth state

Read Book United States History Study Guides

to join the Union.

Describes the time in America prior to the first World War, the vast differences between the wealthy and the poor, the changing from farming to factory work, and the inventions of conveniences such as electric lights, telephones, and bicycles.

A Young People's History of the United States brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. A Young People's History of the United States is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. *United States History: 1500 to 1789* reviews the European age of exploration, the beginnings of colonization, the colonial world, the

Enlightenment and the Great Awakening, the French and Indian War, the Intolerable Acts, the War for Independence, the creation of new governments, and the United States Constitution. There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from

Read Book United States History Study Guides

history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this

From the bestselling author of *Assassination Vacation* and *Unfamiliar Fishes*, a humorous and insightful account of the Revolutionary War hero Marquis de Lafayette--the one Frenchman we could all agree on--and an insightful portrait of a nation's idealism and its reality. On August 16, 1824, an elderly French gentlemen sailed into New York Harbor and giddy Americans were there to welcome him. Or, rather, to welcome him back. It had been thirty years since the Revolutionary War hero the Marquis de Lafayette had last set foot in the United States, and he was so beloved that 80,000 people showed up to cheer for him. The entire population of New York at the time was 120,000. Lafayette's arrival in 1824 coincided with one of the most contentious presidential elections in American history, Congress had just fought its first epic battle over slavery, and the threat of a Civil War loomed. But Lafayette, belonging to neither North nor South, to no political party or faction, was a walking, talking reminder of the sacrifices and bravery of the revolutionary generation and what they wanted this country to be. His return

Read Book United States History Study Guides

was not just a reunion with his beloved Americans, it was a reunion for Americans with their own astonishing singular past. Lafayette in the Somewhat United States is a humorous and insightful portrait of the famed Frenchman, the impact he had on our young country, and his ongoing relationship with some of the instrumental Americans of the time, including George Washington, Alexander Hamilton, Thomas Jefferson, and many more.
