During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The Keystone State is well represented in the WPA Guide to Pennsylvania. The essays explore the rich descriptions of the states historically significant cities—such as Pittsburgh and Philadelphia—as well as the diversity of the state which also includes many farms and small mining communities.

Tips for simplifying fly-fishing trips to fish more often and in more locations. Increasingly, the trend in fly fishing has been toward greater specialization (trout vs. bass, freshwater vs. saltwater, lightweight vs. heavier weight rods and reels) and complexity. This trend has taken many anglers away from what they loved best about fly-fishing: catching a wide variety of fish with simple, minimalist equipment that can fit into a daypack. Backpack Fly Fishing helps readers to understand why we need to get back to a simpler approach and how to enjoy doing it. In Backpack Fly Fishing, Daniel E. Steere provides a comprehensive philosophy for this back-to-basics approach to fishing. He includes chapters on equipment selection, fish that can be caught using this equipment and how to catch them, how to approach different types of waters, and important flies and how to tie them. Additional chapters address how backpack fly-fishing fits into the context of other outdoor activities such as camping, hiking, and birding. Everyone can benefit from Steere's helpful information, including current flyfishermen who want to try a less complicated, back-to-basics approach; spin and bait fishermen who want to try the sport of fly fishing without breaking the bank on fishing equipment; and hikers, campers, bicyclists, and other outdoors people who want to be able to fish in

waters that they may happen upon during their journeys through the wilds. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

“My name is Palladin, as in pallbearer.” Learning the skill of killing from his father at an early age, Wesley Palladin, *Have Weapons Will Travel*, reaches the highest level of his profession as an assassin for the mob in Philadelphia. Unfortunately, Palladin mishandles a contract and exiles himself to Twin River, where he takes a bank security job and also becomes the mentor to fourteen-year-old Matt Henry, a very troubled, violent teenager. Matt is challenged to overcome the tragedy of abuse in his past, deny his quest for revenge, and find hope in the dark, foreboding *Shadows of Death* that cloak Blood Mountain. Riveting and deadly action originates in Chinatown, the Italian Market, and Bryn

Mahr in Philadelphia and relocates ominously to the Twin River farmlands and mountains in Central Pennsylvania. Beset by kidnappings, wild hog attacks, extreme bullying, and unchecked brutality in a juvenile institution, violence prevails in the small mountain community. As the body count rises, unlikely contributions from Holden Caulfield and comedian Bob Hope bring a resolution that is fearsome, unexpected, and also triumphant. Newest edition in the flyfisher's guide series. The author spent most of his life in Arizona, fishing the many streams and rivers.
